MAKE MOST OF ARBOR DAY.

Friday, May second.

state. But while a vast amount of tions whether they existed or not are educational benefit will result from living up to the law. this as well as the exercises that may be carried out in connection therewith, ber of machines the importance of

Many cities are planning to set out memorial trees for those who made the supreme sacrifice in the struggle with Germany, Some have already

of many ways of keeping alive their memory but it is worthy of adoption shown for the laws which exist. There though other memorials are erected later on. But if it is to be persons have been as brutally murbusy with the arrangements.

A GOVERNMENT TANGLE.

The country is deeply interested at the present time in the outcome of the 3,216 lynchings have taken place difference which exists between the industrial board of the department of present time the work of the indus- will work. trial board has been practically nul-

volume of business at a reduced profit make up for the lowered prices, while tradesmen in all lines would likewise benefit thereby.

All seemed well until Director General Hines declared that the price were too high, that they were higher than the railroad administration could get both as to steel and coul and therefore he would not abide thereby. It it's a cheerful thought that it is only was thus a case of one branch of the three weeks to the opening of the ever government knocking out the work of welcome straw-hat season. another and at the same delaying the it is a dull day now when at least been sought.

In connection with this matter as regards coal, it is pointed out that the railroads have been securing prices below the cost of production since they are the real big customers by taking a third of the output. Also that coal operators are dependent upon them for the cars to move their product. The result of such a deal is that of the Atlantic the other consumers have to make up for the low price which has been sell a consignment of caskets at auc-

charged the roads. There are thus apparently condi-tions which needs to be better under-The demand for be done right.

SITUATION IN RUSSIA.

The trouble in Russia seems to go from one extreme to the other. Only the bolsheviki appeared to be gaining and the influence of their mother? activity was being felt quite extenbively outside. Today, however, it is different. The tide has apparently turned and the bolsheviki are experi-

ancing reverses in all directions. Not only are they hard pressed as tors the result of the food situation, but per. along the eastern front they are on the run. Admiral Kolchak has not his removal, the Louisiana congress which is due to receive the recogni-

morale as may exist among other bol-shevik forces. But there is more trouelsewhere for in the south where the bolsheviki quite recently drove the allied forces out of Odessa and cleared the Crimea, the Ukrainian peasant army under General Petlura has made south of Archangel but have driven them back. This with the advance of the Lithuanians who have taken Vilna

operations. Likewise is interest being directed doctrine to Vienna is being successfully resisted. The prevailing situathe food situation what it is the 1 can't go on. strengthening of the bolshevists is strengthening of the bolshevists is bound to be a hard task, while it is plainly indicated where the allied nations can supply not only food but munitions in order to bring about the most good in improving conditions in the most good in improving conditions in only 24."

"You know we were married when was 24 and 1 was 24.

"Well, this horrid paper says that Tom only and they have it in black and white.

When Tom thought he was 26 he was only 24."

"I have often heard you change your the bad spoken. That's a bad habit to get into; pretty soon he will exapect it, next he will demand it. When Tom thought he was 26 he was only 24."

AUTO ACCIDENTS.

Up in Quincy, Mass., there have been seven automobile accidents with- that you suddenly discover, in the in a period of ten days, an average midst of happy married life, that you which a city of that size could hard ly be expected to maintain for any length of time, but they have never- that you fear that he will be put in her husband?" Up in Quincy, Mass, there have theless served to call attention to the fact that there is need not only of greater care in the operation of motor cars but that there is greater attention required on the part of the authorities in seeing that the regulations regarding such vehicles are better respected. This is indicated by the appeals which are being many to the part of the appeals which are being many to the part of the appeals which are being many to the fact that the regulations is indicated by the appeals which are being many to the fact that the fact tha

ules for the safeguarding of users of the highway they certainly should be obeyed, and when they are If plans haven't been made it is not there can be little surprise that certainly time to get busy in order to accidents should pile up. The insisthave a proper observance of Arbor ence upon the respect for the law is and Bird day, which by proclamation simply the preventive work that means so much in whatever line it is undertaken. Disregarding such mat-This proclamation deals particularly ters simply leads to trouble sooner or with the schools, the teachers in later. When the authorities wink at which are directed to read it to the observance of regulations it means pupils and instruct them that the that the violation thereof proceeds wanton destruction of birds and their apace. productions at Munich which he alone attended.

Whith the history of Munich the name Louis is inseparable. It was Louis the Severe who, at the tharteenth century, gave the city a start by living there, and Emperor Louis, the Bavarian, next in succession, who built the first city wall. The city owes its beginning to Duke Henry the Lion, who established a mint there in 1158 and built a bridge across the Isaa so he might levy toll on the salt from springs of Reich. Munich, scene of heavy fighting be-tween the Red Guard and the German government troops, is described in the monastery Tegernsee, hence its name

PETERSON'S OINTMENT **BEST FOR ECZEMA**

First Application Stops Itching of "I admit that the five months' start Ecema, Salt Rheum and Piles.

"Live and let live is my motto," says Peterson of Buffalo. "Druggists all over America sell PETERSON'S OINT-MENT for 35 cents a large box and I say to these druggists, if any ne buys my ointment for any of the diseases or allments for which I recommend it and are not benefitted give them thek money back.

"I've got a safe full of thankful letters testlying to the mighty healing power of Peterson's Ointment for old and running sores, eczema, salt rheum ulcers, sore nipples, broken breast, itching scalp and skin, blind, bleeding and itching piles.

John Scott, 283 Virginia Street, Buffalo, writes, "Peterson's Ointment is simply wonderful. It cured me of eczema and also piles, and it did it so quickly that I was astonished." Eczema, Salt Rheum and Piles.

"I can't help noticing that it is your husband who does all the planning.
all the deciding for your household. I

necessary first to make them virtuous But why not reverse this order? Why not make them first happy and then virtuous?

> HOW TO GROW ONIONS

Onions may be grown either from ets of from seed. The greater part ets of from seed. of the commercial onion eron is grown from seed, but the usual method of planting onlons in the garden is by use

One quart of sets will plant from 75

inches apart in the row; this depends, however, upon the size of the sets.

Onion sets should be placed in a small once more arousing the latent interest furrow, root-end downward, and cov- in the sea that once made Americans in prison on the night before the death sentence was executed.

"With the chaptain," Mr. Gahan said, "Yan Dyck, Holbein the elder, Perugino, "I went to the cell door and it opened and Miss Cavell stood in the doorway, I had gone prepared for a very trying scene. There stood my friend—looking as calmiy sweet as anyone could in the sumpre, but before mades the ground can be calitized. In all say Bayaria gradually about 1 1-2 inches unless the soil is extremely heavy. In which it will be seen that Louis did not be caved to depth of about 1 1-2 inches unless the soil is extremely heavy. In which it will be seen that Louis did not be caved to depth of about 1 1-2 inches unless the soil is extremely heavy. In which it will be seen that Louis did not be called the property of the principle. The property of the principle of the princip done so but there could be no more fitting time for such work than to arrange to do it on Arbor day. And the same thing would be true where communities make a practice, of setting out a certain number of new trees each year. By making such a feature of Arbor day it would mean a definite time for this latter annual undertaking and it would serve better to impress upon the people of this country are perfect of Arbor day.

The people of this country are perfect the country are perfect on the people of this country are perfectly familiar with the too frequent feet manned undertaking and it would serve better to impress upon the people of this country are perfectly familiar with the too frequent feet manned the people of this country are perfectly familiar with the too frequent feet manned to the people of this country are perfectly familiar with the too frequent feet manned to the people of this country are perfectly and dedicating memorial trees to the pole of this country are perfectly and dedicating memorial trees to the plant of the country where the effort we devict on the the production of the music drama, and to his sections except that she was the production of the music form and the work of cultivation and the work of cultivation and the production, except and the production, except and the production of the music form and the feet in the engine was notable too.

The people of this countr "Then I felt," the minister continued.
"that I must not stay much longer, for I had been there an hour. I stood up and said, "Good-bye," and we were face to face. She was loking slightly strained, but nothing more. We shook hands and smiled and I said the strained and smiled and I said the strained to the side of the latter's insanity he developed a plenty of air. Later the tops and roots mania for solitude, a constant fear of pursuit, and ordered lavish theatrical stored in a cool, dry place. Slight productions at Munich which he alone attended.

Thus it is again up to the people to pay. A strike is dependent upon the support of public opinion, and the dear people should consider the cost when they extend moral aid to any such movements.—Middletown Press. If all the former governors attend the coming centennia celebration and general legislative runion on May 7

there will be nine to answer the roll call—Thomas M. Waller, Phineas C. Lounsbury, Morgan G. Buikeley, O. Vincent Coffin, George P. McLean,

spirit of lawlessness is a disgrace to the nation and it is to be hoped that the action taken by the conference will be the result of bringing such deplorable affairs to an end and establishing greater respect for the laws of state and nation.
